Maine Medicaid Regulations and Guidance

Maine Medicaid policy covers transgender-related health care.

Regulations:

[Department of Health and Human Services, Office of MaineCare Services, 10-144 C.M.R., Chapter 101, MainCare Benefits Manual, Section 90, Chapter II, Physician Services](#)

Text:

This regulation eliminates gender affirmation procedures and care from exclusion under MaineCare. "Services related to gender transition that otherwise fall within a member's scope of covered MaineCare benefits (e.g., physician services, inpatient and outpatient hospital services, prescribed drugs) will be compensable under the MaineCare program when medically necessary."

Handbooks and Provider Manuals:

Handbook: [MaineCare Benefits Manual](#)

Historical Notes:

State policy formerly explicitly excluded transgender health coverage and care, but a June 2019 [emergency ruling](#) from the state's Department of Health and Human Services eliminated this exclusion.

Previously, 10-144-101 Me. Code. R. § 90.07(C)(8) excluded "Transsexual procedures" from coverage.
