Facial hair removal - Mental health professional checklist

Use this checklist to ensure that each element is included in your letter. Use language that is client specific; do not simply copy this checklist.

Identification of the procedure and diagnosis

Per [WPATH Standards of Care p. 28](#):

- The client's general identifying characteristics
- The duration of the mental health professional's relationship with the client, including the type of evaluation and therapy or counseling to date
- Results of the client's psychosocial assessment, including any diagnoses
- Procedure needed

Narrative account of gender dysphoria

- Show "Persistent, well-documented gender dysphoria" (SOC p. 59)
- Narrative of the person's trans history, including hormone use. If no hormone use, explain why that is clinically appropriate for that person.
- Narrative of gender dysphoria symptoms
- Note any history of gender-related depression, anxiety, self-harm, suicidality, etc.

Comment on facial-hair-specific symptoms you are aware of such as

- Dysphoria specifically related to the facial hair
- Using makeup to hide beard shadow
- Describe specific examples of impairment due to the facial hair (how they are limited presently socially, school, physically, etc.)

Capacity to make a fully informed decision and to consent for treatment

- Patient has capacity to make a fully informed decision
- Patient has provided informed consent for hair removal

Statement of medical necessity

- Indicate if you recommend permanent hair removal
- If you find it to be accurate, use the phrase "medically necessary," which is defined in insurance policies simply to mean clinically appropriate care to treat a condition in accordance with generally recognized standards of care
- That hair removal is performed to treat gender dysphoria
- Indicate if hair removal will help to alleviate the person's gender dysphoria

State the qualifications of the provider

Discuss your credentials as applicable. Omit things that do not apply.
